

## PRESS RELEASE

# Kineta to Present at the 24<sup>th</sup> Annual Future Leaders in the Biotech Industry Conference

*New Advances in Chronic Pain Program to be Highlighted*

SEATTLE, WA, April 5, 2017 -- Kineta, Inc., a biotechnology company focused on the development of novel immuno-therapies, today announced the company has been invited to present at the *Future Leaders in the Biotech Industry Conference* hosted by BioCentury, April 7th at the Millennium Broadway Hotel in New York.

Kineta CEO Shawn Iadonato will provide an overview of the company and preclinical data on KCP-400, Kineta's novel non-opioid that is in preclinical development for the treatment of chronic pain. This first in class therapeutic has demonstrated robust analgesic, anti-inflammatory and neuroprotective effects in multiple pain models.

####

**Kineta, Inc.** is an emerging biotech company that fills a void in the biopharmaceutical industry by efficiently advancing first in class immuno-therapies from discovery to proof of concept. Kineta is developing a focused pipeline of novel therapies that address critical unmet patient needs in oncology, chronic pain and biodefense. We actively collaborate with a broad array of private, government and industry partners to advance our innovative research.
